September 2020 Card from Annah Mincey, Chuck's Daughter, 1 month before her son/his grandson Heights was born. Annah passed away August 8, 2021.

Dad,
Thank you so much for the
beautiful Crib you + Susan got
for Height's. We absolutely love it
and will make good use of it for
years to come.

It meant the world to me that
you came to the shower in
Houston. Your presence gave
me so much comfort and confidence
that made all my nervousness and
anxiety vanish. That weekend
was a dream come true, one of
the best weekends in my life.

I'm so blessed God made you my
Dad. I want Height's to be
just like you when he grows
up. - I'm still working on it. lol.

Height's Carson mincey Leslie

Do you like it? It's long but
I'm confident that he will find
the importance of having mincey
incorporated in his name just as
I have.

We are patiently waiting for his
arrival. I've been pregnant all
of 2020 and it's time. I've
been looking at flights for thanks-
giving to come see you with our
boy, just waiting to see what
Craigs work schedule will be like
for the holiday. Either way
me + Height's will be there.

I love you so much Dad, and
cherish each phone call, visit
and memory we've made over
the years. Can't wait to see
you soon. Sending love from Dallas-

Annnah + Craig XOXO
